AMAN SHARMA

FULL-STACK DEVELOPER • COMPUTER SCIENCE & ENGINEERING

Lucknow / Greater Noida, UP | **+91-9690683156** | **WhatsApp** | **codewithaman88@gmail.com**
LinkedIn | **GitHub** | **Portfolio Website**

PROFESSIONAL SUMMARY

Forward-thinking Computer Science Engineering student and Full-Stack Developer with hands-on expertise engineering robust web architectures, relational database schemas, and AI-integrated applications. Proficient in Python (Flask 3.x), modern JavaScript, SQL (PostgreSQL, SQLite), and responsive frontend systems. Demonstrated track record delivering production platforms with cloud deployments (Vercel, Render), RESTful APIs, and Google Gemini multimodal AI vision pipelines. Passionate about writing scalable, clean code to solve real-world challenges.

TECHNICAL SKILLS

Languages:	Python, JavaScript (ES6+), SQL, C, HTML5, CSS3
Frameworks & Web:	Flask 3.x, Jinja2, Bootstrap 5, Tailwind CSS, REST APIs, Chart.js, p5.js
Databases & ORM:	PostgreSQL, SQLite, SQLAlchemy 2.0 (Relational modeling, migrations, transaction logging)
AI & Cloud DevOps:	Google Gemini Multimodal Vision API, Vercel Serverless, Render, Git, GitHub, Linux / Bash

FEATURED PROJECTS

CIVICCONNECT — AI-Powered Civic Action & Grievance Platform **Live App | GitHub**

Python, Flask, Google Gemini Multimodal Vision, SQLAlchemy, Leaflet GPS, Bootstrap 5

- Architected a comprehensive civic grievance resolution portal enabling multi-role workflows for Citizens, NGOs, and Municipal Authorities.
- Integrated Google Gemini Multimodal Vision AI to automatically analyze uploaded complaint imagery, categorize infrastructure defects, score severity, and auto-route tickets to transport/sanitation departments.
- Built GPS proximity clustering using Haversine algorithm (300m radius) to merge duplicate citizen complaints and prevent municipal backlog.
- Implemented real-time emergency broadcasts and visual resolution cross-verification comparing before-and-after repair photographs.

INVENTRA — Smart Cloud Inventory & Supply Chain Platform **Live App | GitHub**

Python, Flask 3.x, PostgreSQL, SQLite, SQLAlchemy 2.0, Chart.js, Bootstrap 5, Vercel Serverless

- Designed and deployed a production inventory system featuring live stock monitoring, supplier directories, and automated reorder threshold alerts.
- Implemented relational schema with cascade protections and full audit trail logging for all inventory transactions (+/- adjustments).
- Built interactive Chart.js analytics dashboards visualizing warehouse valuation and dynamic CSV export pipelines for inventory/supplier data.
- Engineered zero-configuration serverless deployment on Vercel with path normalization middleware and fluid compute scalability.

MYRAIL — Real-Time Railway Utility & Travel Platform **Live App | GitHub**

JavaScript (ES6+), RESTful Railway APIs, Asynchronous Fetch, HTML5, CSS3, Netlify

- Engineered a responsive railway utility web app providing live train status tracking, station code search with autocomplete, and route schedules.
- Integrated third-party railway APIs with robust asynchronous error boundaries, dynamic caching, and mobile-optimized layouts.

AMANZON — Responsive E-Commerce Web Storefront **GitHub**

HTML5, CSS3 (Flexbox & CSS Grid), JavaScript

- Developed a responsive multi-page e-commerce storefront clone replicating Amazon's modern UI, navigation hierarchy, and product card layouts.
- Utilized CSS Flexbox and Grid architectures ensuring fluid responsiveness across desktop, tablet, and mobile breakpoints.

EXPERIENCE & CERTIFICATIONS

Web Development Intern — *3 Skills India* **2-Month Internship**

- Built responsive user interface components and modernized frontend styling using HTML5, CSS3, and JavaScript.
- **Python Programming Certification** — 90-hour intensive skill curriculum under *Reliance Foundation & N.S.D.C.*
- **Upskilling Program for Python** (Upskill Campuses & The IoT Academy) • **Cisco CyberSecurity & AI Learn-a-Thon**

EDUCATION

B.Tech in Computer Science & Engineering (CSE) — *G.L. Bajaj Institute of Technology & Management*, Greater Noida **2025 – Ongoing**

Intermediate (Class XII) — *Brightland School*, Lucknow, UP **2024**

High School (Class X) — *Brightland School*, Lucknow, UP **2022**

LANGUAGES

English (Professional Working Proficiency) • **Hindi** (Native / Bilingual)
